

3-6-74 Wed.

Dear Vicki and Jim,

The last letter I wrote to you I said I thought spring was here but I was mistaken as it is snowing out now. I heard on the news that the temperature is in the 70's there.

Thanks for calling Sunday. The possibility of moving to Hawaii sounds exciting altho it would really be a big job to pack up and move out of your house.

We have a busy week-end planned. Sal & his are coming over Friday night. On Saturday night we are going to Phyllis Gungare and on Sunday over to Mary and Mike's. I bought her a cute maternity dress today.

Tonorrow is wed day to buy gas and Mr. Hoyle told me to come down there at eight o'clock. I am sure you have the gas line ups there also, especially around Wash. D.C. It almost scares me to see the cars lined up for money, money blocks at every service station that is open.

We hope your plans go thru so you

can come in April. It will be really
fun to see you.

More later.

Love,
Mom.
